

# 2021 Annual Report

Guildford Grammar School

FOUNDED 1896

# From the **Principal**

**In comparison to 2020, this year has felt less disrupted, despite some short lockdowns and uncertainty caused by COVID-19. It is during times of uncertainty that our School purpose brings comfort, direction and strength:**

"Inspiring students to achieve personal excellence and be outstanding citizens who work to create a just, loving and peaceful society."

We are living in a volatile and uncertain world. Futures for our young people will be different to those before them; they will be non-linear, more changeable.

What could this future education look like? It needs to be flexible, diverse, personalised; in many ways, bespoke. It is an education that relies on partnerships, it is collaborative, it crosses multiple subject areas. It is hands-on, inclusive, student-centered and purpose driven.

Educators across every level of learning have been having these conversations for a long time. Now is the time to take action and at Guildford Grammar School we have been proactive in reviewing our approaches to personalised learning. We are identifying new pathway opportunities in and beyond school, working to identify new partnerships in our community, to develop a broader range of opportunities for each student and focusing on all the ways in which we work with each other to support student and school-wide wellbeing.

In our 125th year, we have spent considerable time reflecting on our heritage and traditions. What wonderful celebrations we have had together. Importantly, we have made the most of the opportunities to embrace the past whilst considering meaningful change.

Each year, young people aged 15-19, Australia-wide, share their values, aspirations, and concerns through Mission Australia's youth survey. With over 20,000 respondents, this is the nation's largest annual youth survey. This year, COVID-19, the environment, equity and discrimination were identified as the top key issues in 2021 that our youth are worried about.

Coping with stress and mental health were also identified as major concerns. This illustrates the vital need for all Schools to position wellbeing as a priority. Academic outcomes and wellbeing are not mutually exclusive. We know that we need to work in partnership and that to create thriving communities we must ensure we, collectively, are supporting our children to develop their social and emotional capabilities to comprehend their uniqueness and their potential. This includes self-awareness, self-regulation, and social intelligence.

We will continue to go forward and I express my deep gratitude to all of our staff, parents, Old Guildfordians and the community across the entire school for their commitment, individual contribution and support. The School is grateful for your efforts.

Principal

# Our School

**Guildford Grammar School leads the way as an inclusive Pre-K-12, co-educational, boarding and day school in Western Australia. With a proud heritage of over 125 years and guided by the Anglican faith, students are inspired to live a life of purpose:**

***“Inspiring students to achieve personal excellence and be outstanding citizens who work to create a just, loving and peaceful society.”***

As one of Western Australia's oldest independent schools, Guildford Grammar School has a rich history of providing an outstanding education. The School was formed in 1896, when pastoralist and Parliamentarian, Charles Harper saw the critical need for better education as a way to transform young lives.

We believe that students have agency in their own learning, and the ability to positively influence their

own lives and the world around them, now and into the future.

Our team of educators strive to support each young person to discover the joy of learning, their passions and strengths and to develop essential skills and capabilities to enable them to not only survive, but to thrive during their time at school and beyond.

Regarded as one of the most beautiful and expansive schools in Western Australia, our School sits on almost 100 hectares of undulating land. Surrounded by vast bushland, our picturesque grounds and impressive campus on the banks of the Swan River offer plenty of wide-open spaces for our students to explore and experience nature-based learning opportunities.

Our students experience extraordinary opportunities on their learning journey and are empowered on their pathway to personal excellence, inspiring them to go forward and define their own version of success.

# Student Success in 2021

We congratulate all of our Year 12 students for their outstanding achievements and contributions throughout 2021. Their results in ATAR, General and Vocational Education and Training (VET) pathways demonstrate that our school continues to inspire students to Go Forward on their own unique journey to achieve personal success. We thank our 2021 graduates for their many contributions to the co-curricular and cultural life of Guildford Grammar School - through sport, the arts, leadership, competition and our unique House system. Each and every student has made their mark.

Our students are fortunate to have a broad range of pathways available to them. A number of our students have successfully secured employment, apprenticeships, traineeships, scholarships and TAFE placements in a wide range of industries, as well as those seeking and achieving university entrance. This success wouldn't be possible without our individual focus, dedicated support, extraordinary opportunities and student choice.

We thank our skilled and passionate staff for empowering students to find their own individual strengths and passions on their journey to fulfil varied and exciting futures. On behalf of Guildford Grammar School, I congratulate all of our Year 12 students on their excellent efforts and their outstanding impact on our school. I wish them every success and happiness for their bright futures.
