We value

 Excellence	Being the best we can be

 Spirituality	A personal way of loving, accepting and sharing with people and the world
 Compassion	Showing sympathy and empathy for others

Our culture

We aspire to create lifelong stories of purpose and joy for our community. Set on the natural banks of the Derbal Yerrigan, our School culture has been shaped over many generations.

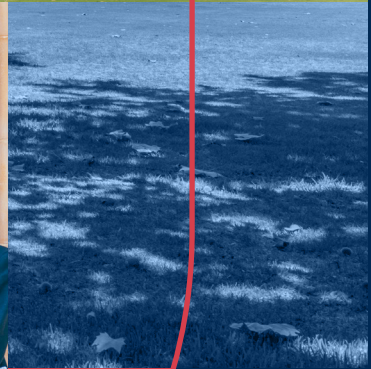

Steeped in our strong heritage, our diverse and future-focused students are proud and show integrity; they are seen, known and heard.

Our Chapel forms the spiritual heart of our school – the Anglican ethos and the School's purpose are our moral compass. We are a welcoming community that cultivates curiosity, kindness and inclusivity, fostering a hive of personalised learning and opportunities for all.

Guildford Grammar School is leading the way as an inclusive K-12, co-educational, boarding and day school in Western Australia. With a proud heritage, warm and connected community and a deep commitment to living our purpose and values, we stand apart. Our purpose of inspiring outstanding citizens who work to create a just, loving and peaceful society guides everything we do, every single day.

Our team of educators strive to support each young person to discover the joy of learning, their passions and strengths and to develop essential skills and capabilities to enable them to thrive during their time at school and beyond.

Guildford Grammar School students experience extraordinary opportunities on their learning journey and are empowered on their pathway to personal excellence, inspiring them to go forward and define their own success. At Guildford Grammar School we value the past, excel in the present, build for the future and remain learners for life.

A message from our Chair of Council and Principal

We are pleased to share with you our Strategic Plan as we look to 2030. This plan defines our vision for Guildford Grammar School and how we will work together as a community to leverage our strengths to achieve our strategic objectives.

As a learning community, we are revolutionising our approach and practices to engage and empower our students to embrace their education as a lifelong pursuit, not just a means to an end.

We work with our students and their families to build a deeper understanding of themselves and the world around them, preparing our graduates with agency, agility and the capacity to rise to life's opportunities and challenges whilst pursuing personal excellence.

Our Strategic Plan is designed to be an agile and living document that is responsive to the needs of our students in a rapidly changing world. Our people-orientated approach is guided by our four pillars of success - Learning, Wellbeing, Community and Sustainability that strive to pursue collective and personal excellence for all.

As we look to the future, we encourage you to read our Strategic Plan and share in our school journey as we continue to bring our School Purpose to life. Thank you for your continuing support of our wonderful school.
