Weekly Summary of Activities

Clubs and Ensembles

To assist you and your child in organising their weekly co-curricular commitments, please use the following table as a guide. Although there are inevitable conflicts between some of these activities, it is our intention to maximise our time around the academic schedule to offer a diverse selection of activities and provide a variety of opportunities to students.

The table is broken into 'Morning Activities' and 'Afternoon Activities' with a summary of respective times per activity/club/ensemble. Activities and clubs are shown in blue. Music ensembles are shown in green.

Further activity and club information can be found in the pages that follow.

Please note

We have included the currently mapped Music ensembles in this schedule so you can plan your week. Music ensembles are coordinated directly via the Music Department, and typically run annually, via invitation or audition.
