ARE YOU READY TO STEP OUTSIDE THE CLASSROOM FOR A LEARNING EXPERIENCE LIKE NO OTHER?

DAY 1

ARRIVE IN SINGAPORE

Sleep: Hotel

Meals: Restaurant dinner

Touch down at Singapore's Changi Airport, rated one of the most beautiful airports in the world. Meet your local guide and get the lowdown on our exciting STEM Tour.

You're about to take the road less travelled and experience a whole new city - brimming with breakthrough technology and design, stunning sights and a friendly, welcoming culture.

Head to your hotel and get some rest after your flight, we've got an action-packed week ahead.

TRAVELLING RESPONSIBLY

REMEMBER, YOU'RE MORE THAN A TOURIST IN THIS PLACE. YOU'RE PART OF A TEAM OF GLOBAL CITIZENS, EMBRACING DIVERSITY AND COMMITTED TO LIFELONG LEARNING.

STAY OPEN TO OPPORTUNITIES AND CONNECT WITH THE MANY PEOPLE YOU MEET ALONG THE WAY.

DAY 2

CITY SIGHTSEEING

Sleep: Hotel

Meals: Breakfast, dinner

Highlights: Art Science Museum, gardens by the bay, Rhapsody light show

Kick off your second day in Singapore with a City Highlights Tour, exploring the city on a traditional bumboat. Cruise past gleaming skyscrapers and impressive landmarks, including the 8.6m Merlion Statue, a floating football stadium and the iconic Marina Bay Sands skyscraper - all definitely worth a photo stop!

Back on dry land we'll visit the ArtScience Museum, Singapore's largest digital art gallery. Here students will be totally immersed in a world of art, science and technology through a collection of cutting-edge interactive installations at Future World: 'Where Art Meets Science'.

Afterwards, visit Gardens by the Bay and stroll through two magnificent indoor conservatories (Cloud Forest and Flower Dome). Housed within enormous glass domes, these structures are an engineering and architectural marvel. The Flower Dome has regularly changing floral displays that reflect the seasons, festivals and themes. The Cloud Forest has a 35m indoor waterfall, the largest in the world.

After dinner, see the Singapore skyline light up with the Gardens Rhapsody Light show, where the Supertree Forest comes to life.

DAY 3

🕒 SINGAPORE CULTURAL CHINESE CENTRE

Sleep: Hotel

Meals: Breakfast, dinner

Highlights: Singapore Cultural Chinese Centre, Kampong Glam

After breakfast, hitch a ride on Singapore's uber-clean public transport system and follow your guide to the Singapore Chinese Cultural Centre. It's time to understand Singapore's rich cultural heritage. Here students will discover the local Chinese culture and history through arts and performances.

Visit bustling Chinatown and explore South Bridge Road, Pagoda Street, Terengganu Street and Sago Street. You'll also make a stop at the Buddha Tooth Relic Temple, a temple with a stunning architectural style based on the Tang Dynasty. Inside, you can find a tooth relic of Buddha.

In the afternoon, head to Kampong Glam, Singapore's Muslim Quarter where esteemed artisans, street art and trendy cafes line the streets. Stop at the landmark Sultan Mosque and see its captivating golden dome, before browsing the boutiques selling traditional wares and exquisite fabrics. Then, head to Arab Street, home to stalls selling handmade perfumes and traditional Malay dresses. Finally, head to Little India and discover this uniquely vibrant and colorful district.

DAY 4

🕒 JEWEL CHANGI AIRPORT

Sleep: Hotel

Meals: Breakfast, dinner

Highlights: Changi Chapel & Museum, Robotics and coding workshop

Head to Jewel Changi Airport - but it's not time for your flight home yet! Instead, get ready to experience this state-of-the-art tourist destination.

See amazing attractions like the Crystal Clouds, the Rain Vortex and experience the inner workings of this large international airport. Take in awesome projection experiences, immersive shows and interactive games. You'll experience the magic of technology and walk away with a greater knowledge of aviation systems and how the airport works.

Time for a history lesson. Head to Changi Chapel and Museum to discover more about Singapore's history during the Second World War. Learn about Singaporean life during the Japanese occupation, from 1942-1945.

In the afternoon you will participate in a Robotics and Coding workshop. Learn about the foundations of basic motor movement control and explore building autonomous robots with the use of various sensors through fun missions.

DAY 5

LEGOLAND

Sleep: Hotel

Meals: Breakfast, dinner

Highlights: Legoland

Time to let your hair down. Today we're off to Malaysia, for an action-packed day at Legoland.

Spend the day exploring the theme park with its adrenalin-pumping rides spread over eight themed areas. Learn to drive, soar through the treetops and hold on tight as you ride the rapids.

At the park's Miniland, you can discover a miniature version of Asia – built with over 30 million Lego bricks – or head to Boating School to test your navigating skills in a battery-powered boat.

After a day of roaming the resort we'll return to Singapore and chow down dinner from a local food stall.

FIRST OF ITS KIND

WHEN IT OPENED IN 2012, LEGOLAND MALAYSIA WAS ASIA'S FIRST INTERNATIONAL THEME PARK. THE MINILAND ZONE TOOK OVER THREE YEARS TO COMPLETE!

DAY 6

ENVIRONMENTAL ORGANISATION VISIT

Sleep: Hotel

Meals: Breakfast, dinner

Highlights: Visit an Environmental Organisation, Peranakan Chinese historical program, Night Safari (optional)

After breakfast, jump on public transport with your guide who will take you to visit a leading environmental organisation. Engage in a discussion on Urban Renewal (buildings) and delve into waste management in the district where the office is situated. This includes a walkabout tour to observe various examples and functions of the waste management and disposal system. Students will also take part in a brief urban cleanup to identify common non-biodegradable rubbish and waste.

In the afternoon, join a tour to learn about the Peranakan Chinese. This ethnic group has its own traditional architecture, culture and 'nonya' food. You also have the option of joining a night safari at the world's first nocturnal wildlife park.

RECYCLING IN SINGAPORE

SINGAPORE HAS AN INNOVATIVE APPROACH TO RECYCLING THAT INCLUDES CONVERTING INCINERATED WASTE ASH INTO CONSTRUCTION MATERIAL FOR USE IN BUILDING PROJECTS. THIS PROCESS REDUCES THE VOLUME OF WASTE SENT TO LANDFILLS AND HELPS TO CONSERVE LAND RESOURCES.

DAY 7

LEARN ABOUT WATER SUSTAINABILITY & HIGH-TECH FARMING

Sleep: Hotel

Meals: Breakfast, dinner

Highlights: Koh Fah Technology Farm, Science Centre Singapore, Marina Barrage

After Breakfast travel to Koh Fah Technology Farm which is a local family-owned business that has been selling leafy vegetables in Singapore for the past 40 years.

The farm has introduced high-tech machinery and equipment to assist in the farming processes that bring an improved level of efficiency and productivity. Learn how veggies are grown without soil in a process called hydroponics. Take a tour of the greenhouse, tasting different salads and discovering more about the high-tech machinery and equipment that makes the process more efficient.

In the afternoon, double down on interactive learning by heading to the Science Centre Singapore. Students will pick their own adventure here, depending on whether they want to

look into, such as Climate Change, 3D: Printing The Future, Earth Alive, EcoGarden, Kinetic Garden and more.

To close out an action-packed day, head to the Marina Barrage for a Sustainable Gallery visit. Sustainability has always been integral focus of Singapore's development since independence, who have been tackling challenges to ensure everyone continues to enjoy a clean and green environment.

Finally, enjoy a celebratory team meal for your final dinner in Singapore!

DAY 8

TRAVEL HOME FROM SINGAPORE

Meals: Breakfast

After the best 8 days of your life, it's time to travel home. Cram everything into your suitcase and head to the airport.

Check-in, sit back and let it all sink in. You've just experienced something incredible. Singapore has opened your eyes and taught you so much more than any textbook every could. You've been immersed in a

new and exciting culture, witnessed incredible engineering and design, and understand now more than ever the connection between people and planet.

These experiences will shape who you are and put you on the path to becoming a true global citizen. Prepare to return home forever changed.

WE CARE ABOUT EDUCATIONAL OUTCOMES.

- ✓ Students will develop an understanding of how **personal, group and national identities are shaped**, and the variable and changing nature of culture.
- ✓ Students will see **school subjects come to life** in new and practical ways that enable the highest levels of student ownership.
- ✓ Students will be challenged to **be creative and think critically** about topical issues that affect our past, present and futures around the world.
- ✓ Students will have the opportunity to **actively participate** in learning outcomes directly linked to your chosen school subject.
- ✓ Students will be challenged to develop a greater sense of **independence, confidence and resilience** throughout their overseas Tour.
- ✓ Students will gain a greater understanding into the importance of **thinking and acting for a more sustainable future**, at both local and global levels.
